## NYTimes gives Bahn Mi's a Big Hug

*Wednesday, April 8, 2009, by Ben*

Today the NYTimes did a great piece on [Bahn Mi's in the city!](#) They cover the latest bahn-buzz: Num Pang, Baguette, Nha Toi and even has a listing of Bahn Mi places in the city (though they forgot about [Nicky's](#)). Coincidentally, I went to Num Pang yesterday and will post the review shortly. They also have this [awesome exploded graphic](#) of Bahn Mi's to give you a heavy dose of sandwich theory. Now that sandwiches have hit mainstream, the bahn mi get's it's minutes of fame, let's hope they last because they are delicious!
